Online Formative Assessment

[Quizizz](#) is a free, online assessment tool. You are able to access hundreds of ready-made learning quizzes or create your own. Join as a teacher, pick a quiz, and use the code for a virtual room to give to your students. Students use the code to enter and submit a nickname, code name, or numerical name. Better yet, if you have Google Classroom, students can join by signing in with their Google account in just one click. Teachers can choose to make their quizzes public or private. Embed images with your questions. Separate classes can play together using this tool. Quizizz works on any web-enabled device, including smartphones and tablets, and has an iOS app. You can import questions from Excel/CSV files to Quizizz with just the click of a button. Quizizz is available in Spanish and will soon be adding other languages.

In the Classroom (Grades K–12)

- Use Quizizz when asking questions that require the reading of a passage or longer time to answer questions. Be sure to set the time limit to the upper reaches of five minutes.
- Create pre-tests to offer students to "test out" of already learned material.
- Use this tool at the start of a new chapter or unit.
- Use this tool often to obtain a snapshot of each student's understanding of content.
