

INVENTION WORD ALERT!

What does repurpose mean?

This is a word made up of a prefix, *re-*, and an existing word, *purpose*.

The prefix *re-* means “again.” We can add a prefix to a word as a shortcut to its meaning.

“Repurpose” is a shorter way of saying to purpose something again.

Can you think of **two** words that start with the prefix *re-*?

We added two words that start with the prefix *re-*. Can you think of two more words and write them here?

What do these words mean? Be careful. There are words that start with the letters “re” that are not a prefix.

Redo means do it again.

React means to act again.

Now you do it! Write in two words with the *re-* prefix.

1. _____ means to _____

2. _____ means to _____
