Online Flashcards

[Quizlet](#) allows you or your students to enter vocabulary terms and definitions to create electronic flashcards and quizzes to enhance word study in any language or content area. Students may choose to create electronic tests, or the networking page allows them to interact and learn with other users who have the same words. Teachers or students can create groups to share word lists. Please note that this site does include advertising.

## In the Classroom (Grades K–12)

- Content and English teachers may set up their personal network of users.
- Pre-test your students and allow them to "test out" of material that they already know.
- Create your own sets of words or let students do the work for themselves and each other.
- Use the interactive whiteboard for quick flashcard or electronic testing using your sets.
- World Languages and ESL/ELL teachers will find many word sets already built and ready to use at this site.

This site has the following features:

- Parent permission advised before posting student work created using this tool.
- Includes social features, such as "friends," comments, and ratings by others.
- Requires registration/log-in (WITH email).
- Premium version (not free) includes additional features or storage.
- Products can be shared by URL.
- Multiple users can collaborate on the same project.
